Mr Dunn is away all of this week so I get an opportunity to sit in the boss’ chair for a few days. Week 5 will be another busy week with RAP sports trials on today and the secondary swimming carnival on Friday at Ganmain. Blake Smith performed very well last week at cricket trials and has been given the opportunity to try out for the Riverina team next Monday. We wish him all the best.

Staff have been busy assessing students from Kindergarten to Year 8 using the NSW school’s Literacy and Numeracy continuum, for the Planning Literacy and Numeracy (PLAN) program. These assessments assist staff to program for students, with students being put into clusters, giving staff strategies to move students into the next cluster. Parents also receive a Parent Feedback Report, which has been designed to provide general information about student understandings at each cluster/level and gives meaningful ways for parents and/or students to support the next steps in their learning. Parent Feedback Reports for Primary will go home today with the newsletter and Years 7&8 reports will go home later in the week. A second report will go home at the beginning of Term 3.

Our school counsellor Mrs Jo Brennan is at school today and will be here each fortnight on the odd weeks. If parents would like to see Jo, please contact the office and they will book you an appointment.

School counsellors work with students, parents or carers and teachers in a variety of ways. Their work includes, counselling students, assisting parents or carers to make informed decisions about their child’s education, assessing students’ learning and behaviour, assisting schools to identify and address disabilities that affect students’ learning and liaising with other agencies concerned with the well-
being of students. As part of my role as Learning Support Coordinator, I am also a contact person if parents would like to discuss their child's progress at school and strategies and programs that the class teachers can implement to support learning.

The Year 5/6 classroom was given a fresh coat of paint last week as well as the canteen refurbishment being almost finished. The school grounds and buildings look very fresh and colourful. I hope the week isn't too unpleasant with predicted high temperatures. Remember to send your child to school with water and a broadbrim hat.

Mrs Jenkins

If you are available to help, could you please complete the survey at the back of the newsletter, indicating what day you would prefer and return to the front office by Friday, 26th February. If we do not get enough volunteers, we may have to consider only opening one day a week.

We are very grateful to those parents who generously donate their time to volunteer at our school with morning reading and scripture. It is a requirement that all of our parent volunteers must have completed a Working With Children Check. If you have not already completed this check, could you please bring one form of identification (eg passport, driver’s licence or other photo ID) to the front office and see Merilyn McBeath, who will guide you through the process. If you have already completed this check, could you please provide the school with a complete copy of the documentation?

This term, students have been learning about micro-organisms. As a part of the unit, students have been learning about yeast and why it is used in cooking. Last week, students made bread using flour, yeast and water and were able to learn how yeast produces carbon dioxide gas
which gets trapped in the dough and causes the bread to rise.
